

Closing Session

Session Objectives

1. Reflect on key takeaways from the 2nd Annual Summit
2. Highlight the power of the EGFR Resisters community, shared support, and hope, and how patients and caregivers can stay connected and supported moving forward.

Using 1 word, this is what the Summit meant to you!

A Top-Line Recap of the Weekend

- There is rarely one 'right' treatment path
- How important it is to understand your options and ask questions
- We talked honestly about living on treatment, not just treatment options that work
- Maybe just as important we realized how much we can learn from each other
- Power of the Lived Experience
- Legacy Planning is about LIFE

Opportunities to Get Involved!

- **EGFR Resisters**
- **DOD LCRP**
 - Peer Review
 - Contact your representative
- **Voices Summit**
- **Lung Cancer Genetics Study**
- **Other:**
 - *Support someone*
 - *Shape research*
 - *Share your experience*
 - *Use your voice*
 - *No Research = No Cures T-Shirt*
