

Resource Fair

Thank you to our partners who have joined us for the Resource Fair. Please take time to meet their representatives and peruse the information they have for you! Complete the Scavenger Hunt for prizes! The Resource Fair will be open in the Cassatt Ballroom Foyer area on Friday 8/14/26 from 12-5pm and Saturday 8/15/26 from 8am-5pm.

ArriVent

ArriVent was founded to identify, develop, and commercialize differentiated medicines from around the world to address the unmet medical needs of patients with difficult-to-treat diseases, beginning with cancer. They have made it their mission to ensure innovative therapies reach patients and physicians across the globe. The EGFR Resisters thank ArriVent for their sponsorship of this Summit!

<https://www.arrivent.com>

AstraZeneca

AstraZeneca is a global, science-led, patient-focused pharmaceutical company. They are dedicated to accelerating the delivery of life-changing medicines that create enduring value for patients, society, the planet and their shareholders. The EGFR Resisters thank AstraZeneca for their sponsorship of this Summit!

Bag It Cancer

Bag It Cancer has been supporting those impacted by cancer through their Bag It Bags and website Cancer Resource Center, which gives access to support tools and reliable resources for managing cancer diagnosis, stages, treatment, clinical trials, recovery, and more. It's all in the Bag, helping to guide your way during or after treatment. English and Spanish Bicultural Bags are available across all 50 states and Puerto Rico.

<https://www.bagitcancer.org>

EGFR Resisters

EGFR Resisters work to build a supportive patient and caregiver community, ensure the patient voice is included in all aspects of research and care, and advance patient-centered research focusing on emerging issues for those with EGFR+ lung cancer. As a result of their work, patients, caregivers, and oncology professionals have access to life-changing information and tailored support that empowers them to make informed decisions, navigate challenges, and find support in a knowledgeable, caring community.

Gilda's Club of Chicago

Gilda's Club Chicago uplifts and strengthens people impacted by cancer by providing support, fostering compassionate communities, and breaking down barriers to care. Through their free programs and services, they provide a safe and welcoming space where people can come together, share their stories, and find support from others who truly understand. www.gildasclubchicago.org

GO2 for Lung Cancer

GO2 for Lung Cancer is at the forefront of everything that's happening in lung cancer. They are the go-to for one-on-one assistance, supportive connections, treatment information, and finding the best care close to home. They are the place to go to learn about the latest research and special initiatives that increase survivorship. They are the source for improving health policies and leading public awareness to shift this disease from one of stigma to one of hope. <https://go2.org/>

Imerman Angels

Imerman Angels connects cancer fighters, survivors, previvors and caregivers to Mentor Angels, cancer confidantes with similar stories and experiences. Their unique matching process is done by real people, not a system with an algorithm. They intentionally match according to age, gender, cancer type and experience, so you know you are talking to someone who truly understands what you're going through, in a supportive and empathetic environment. <https://imermanangels.org/>

Johnson & Johnson

Johnson & Johnson Innovative Medicine is leading where medicine is going. Patients inform and inspire our science-based innovations, which continue to change and save lives. With rigorous science and compassion, we confidently address the most complex diseases of our time and unlock the medicines of tomorrow. The EGFR Resisters thank Johnson & Johnson for their sponsorship of this Summit!

<https://www.jnj.com>

LiveLung

LiveLung brings lung cancer patients, survivors, and their caregivers together for empowerment through education and community. They provide an inviting environment where everyone feels welcome regardless of the cause of their lung cancer, their prognosis, or their treatment. They also invite community partners to their meetings, including nurse navigators, collaborating organizations, and industry partners. They connect survivors with experts and resources within the community. These in-person meetings encourage, empower, and provide hope to lung cancer patients and those who support them. LiveLung also offers virtual educational group meetings via Zoom to meet the needs of those without a local in-person meeting.

www.livelung.org

Lung Cancer Research Foundation

The mission of the Lung Cancer Research Foundation (LCRF) is to improve lung cancer outcomes by funding research for the prevention, diagnosis, treatment and cure of lung cancer. Research has been, and will continue to be, LCRF's True North, and they continue to fund research for the prevention, early detection, diagnosis, treatment, and cure of lung cancer. <https://www.lungcancerresearchfoundation.org/>

LUNGevity

LUNGevity is the leading nonprofit that's transforming how people are diagnosed and live with lung cancer through research, education, and support. LUNGevity is transforming what it means to be diagnosed and live with lung cancer through research, advocacy, and community. <https://www.lungevity.org/>

Pfizer

Pfizer's purpose is breakthroughs that change patients' lives. They pursue that goal relentlessly and innovate every day to make the world a healthier place. This purpose ensures that patients remain at the center of all they do. Pfizer sources the best science in the world, partners with others in the healthcare system to improve access to their medicines, use digital technologies to enhance drug discovery and development and patient outcomes, and lead the conversation to advocate for pro-patient policies. The EGFR Resisters thank Pfizer for their sponsorship of this Summit!

Pickles Group

Pickles Group's mission is to provide free peer-to-peer support and resources for kids and teens impacted by their parent or guardian's cancer. Having a parent with cancer can be a lonely, isolating experience. Pickles Group creates thriving communities of kids supporting kids whose parents have cancer. Pickles kids strengthen resilience, have fun with friends who get them, and heal along the way. <https://www.picklesgroup.org/>

ReVital Cancer Rehabilitation

Up to 90% of those receiving cancer treatments have at least one side effect. Yet less than 10% get help for their cancer-related symptoms. ReVital Cancer Rehabilitation is changing that statistic. Their specialized therapists focus on helping individuals with cancer, anywhere in their survivorship journey, live better lives through restoration of the mind, body and overall well-being. <https://www.selectmedical.com/hospitals-and-centers/outpatient-rehabilitation/revital-cancer-rehabilitation/>

Summit Therapeutics

Summit Therapeutics Inc. is a biopharmaceutical oncology company focused on the discovery, development, and commercialization of patient-, physician-, caregiver-, and societal-friendly medicinal therapies intended to improve quality of life, increase potential duration of life, and resolve serious unmet medical needs. The EGFR Resisters thank Summit Therapeutics for their sponsorship of this Summit! <https://www.smmmtx.com>

Taiho Oncology

The mission of Taiho Oncology, Inc. is to improve the lives of patients with cancer, their families, and their caregivers. The company specializes in the development and commercialization of orally administered anti-cancer agents for various tumor types. The EGFR Resisters thank Taiho Oncology for their sponsorship of this Summit! <https://www.taihooncology.com>

The White Ribbon Project

The White Ribbon Project promotes awareness about lung cancer by changing public perception of the disease. Anyone with lungs can get lung cancer. The ribbon is a symbol of unity. The interactive process of building, asking, and sharing takes the project beyond public awareness education. <https://www.thewhiteribbonproject.org/>

TRIAGE Cancer

Triage Cancer is a national, nonprofit organization that provides free education on the legal and practical issues that may impact individuals diagnosed with cancer and their caregivers, through events, materials, and resources. <https://triagecancer.org/>

Troper Wojcicki Philanthropies

Troper Wojcicki Philanthropies deploys philanthropy and mission-related investments to organizations that are accelerating cancer research, tackling climate change, and advancing human rights. Since 2006, TWP has committed more than \$100M to researchers, academics, and entrepreneurs committed to making positive change in the world and in the Bay Area. <https://www.twphilanthropies.org/>
